(maximum 500 words)

Feedback Obtained
<p>The College has a strong feedback mechanism .Both Positive and Negative are received from the students, teachers, parents, alumni and employee who are encouraged to put feedback on the issues they want to highlight. Academic Bursar of the college interacts with the students to take care of the views on quality of the lectures delivered by the faculties and enquires about the areas of weakness and strength. Feedback helps to make academic , infrastructural , extracurricular and policy improvements in the college .The feedback is collected in written form the students and from the suggestion box put near the IQAC in a standardised format .The complaint is discussed with the principal and academic council. if the feedback relates to the examination section then a meeting is held by the principal taking the Controller of examination and the examination committee to discuss the issue and arrive at an amicable solution .Similarly If a feedback is related to the wrong practices of a department then the concerned HOD is apprised and corrective and implementable measures are taken after discussion. During the academic session 2018-19 the positive feedback from the students had been received on higher degree of satisfaction on quality of teaching, practical, laboratory work, examination and evaluation, interaction with teachers outside the class, guidance and counselling, departmental seminar library and students have mediocre degree of satisfaction</p>

on co curricular activities, central library, cleanliness and ambiance, security arrangement, canteen facilities, medical facilities and sport facilities. Negative feedback received from the Students has low degree of satisfaction on internet facilities in the institution. Likewise parents have low degree of satisfaction on central library, security, internet and canteen facilities. On the basis of feedback of parents and students internet connection, which was completely damaged due to fani, were very quickly revived. Sport facilities have been upgraded to accommodate more number of students in different Sports and games. Action has been taken to upgrade central library with course books and reference book from institutional development plan (IDP). Regarding sanitation the outsourcing agency has employed more persons now for better sanitary up keeping. UG students of Odia had given suggestion to open ODIA PG courses. Some Parents had given negative feedback on quality of food served in hostels while some had suggested for opening the new hostels. The Alumni had expressed displeasure on not holding extra mural lectures frequently. The employee of the college had given negative feedback on the improper functioning of the canteen , lavatories and cleanliness of the campus.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Mentoring is important not only because of the knowledge and skills students can learn from mentors, but also because mentoring provides professional specialization and personal support to facilitate success in the students' performance. Quality mentoring greatly enhances students' chances for success. Good mentor is the most important among three ingredients needed for producing good quality graduates. The best teachers influence their students more in their personal individual contacts with them than in strict classroom situation. The best way for the same is by mentoring. A mentor is someone who takes a special interest in helping another person to develop into a successful professional. Keeping that in view mentoring system has been introduced in the Bhadrak Autonomous College for which a committee has been constituted with a senior faculty member as the Coordinator and three other faculty members as the member representing Arts, Science and Commerce. Before the commencement of the mentoring system a meeting was convened by the Coordinator, Proctorial committee. In that meeting modalities of the mentoring system was finalised and the format for mentoring system was decided. On that basis the format was sent to all the HODs of twenty two regular departments. The HODs had distributed the proctorial format to all the faculty members of their respective departments. It has been decided that the mentor has to meet their mentee twice in a session to discuss their personal as well as academic problems. Accordingly it was done in all the departments. The record was submitted to the Coordinator, Proctorial Committee for necessary follow up and action.

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The college administration follows a decentralisation method of planning and development. The institution has a mechanism of providing operational autonomy to various functionaries in order to ensure a decentralized governance system. Principal is the head of the institution who is vested with the power and authority to supervise, control and monitor all administrative and academic matters of the college. He is the member secretary of the Governing Body and chairperson of all committees constituted in the college. In consultation with

the teacher council, he nominates members to different committees for effective planning and implementation of different academic, administrative and related policies. He plans and regulates the academic calendar of the college as per the Common minimum Standard (CMS) prescribed by the government. As the warden, he monitors the activities and financial transactions of the hostels.

DECENTRALISATION: Administration Bursar - Administration Bursar of the college is entrusted with the responsibility of supervising all the official activities of the ministerial staff. He oversees the relevant files, looks into the grievances of the employees. Accounts Bursar: The Accounts Bursar is the head of the Accounts section. He is responsible for the disbursement of salary and other related financial matters of the employees. He supervises the amount received by the college from Government, RUSA, UGC and World Bank assisted IDP grants. HODs : The senior faculty member of the department acts as the HOD who coordinates the departmental works. He/She distributes the academic works to other members of the department and monitors their Lesson Plan and Progress register on a regular basis Role of non- teaching staff : The non -teaching staff of the college play a vital role for the smooth functioning of the office, laboratories and the library of the college. There are various sections in the office like Admission, Accounts , Examination, Establishment etc. The Head Clerk supervises all the activities of the office . The college Library is managed by a Librarian who provides books to the students and also maintains a clean, spacious, well equipped reading room for their academic needs.The examination section is headed by controller of examination who monitors the examination and evaluation of various examinations held in the college both for the students of the college and other entrance and recruitment related examinations . **PARTICIPATIVE MANAGEMENT:** The college promotes a culture of participative management by involving the staff and students in various activities. All decisions of the college are governed by management of facts, information and objectives. Both the students and faculties are allowed to put any suggestions to improve the standard in any aspect of the Institute. Strategic Level. The principal, HODs and staff members are involved in defining the policy and procedures, framing guidelines and rules regulations pertaining to admission, discipline, grievance, counselling, training development and library services etc. and effectively implementing the same to ensure smooth and systematic functioning of the college. For conducting various programmes all the staff members meet, discuss, share their opinion and plan for the event and form various committees.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	All the teachers are the members of the Board of studies of the college .They participate in the design of the syllabus .The meetings are regularly held to discuss curriculum structure, curriculum construction, curriculum revision and change of curriculum through their valuable and judicious suggestion in the BOS meeting. Feedback from the students helps in changing the curriculum. Due to introduction of CBCS syllabus students are given freedom of choosing interdisciplinary subjects

under elective courses and Skill Enhancement courses. Some members of our college also participate as members of Board of studies meeting of other colleges.

Teaching and Learning

The college follows an academic calendar. All the teachers strictly adhere to the deadlines set by the calendar for completion and revision of the courses. Remedial classes are taken to take care of the poorly performing students. Under Proctorial classes interactions among students are held in order to counsel the students regarding their personal problems, hobbies, doubts in subjects etc. Extra classes are held by different teachers to clarify the doubts of the students for Mid semester or Semester examinations as well as for preparation for competitive entrance exams. Teachers adopt ICT enabled methodology to make classes more effective and expressive.

Examination and Evaluation

The college follows a semester based examination pattern. Both mid semesters and semesters examinations are conducted by the controller of the examination. To bring uniformity and transparency, questions are prepared by the list of faculties nominated in the Board of Studies meeting and the papers are evaluated by the nominated faculties. The examinations are held following strict instructions from the controllers of examinations. Admit cards, Seat Charts and invigilators list all are issued by the examination section to enable students to appear the examinations in a disciplined manner. Once the examinations are over the answer scripts are coded and sent to the examiners confidentially for fair evaluation.

Research and Development

The research and development in the college is very limited. Some faculties carry out research on their own. There is a council called Orissa Higher Education Research Council (OHERC) which provides seed money to young regular faculties for carrying out research. Some faculty members continue their research collaborating with the faculties of the other universities laboratories and infrastructure. As the college is affiliated to FM university some faculties are members of subject research committee(SRC).

Library, ICT and Physical
Infrastructure / Instrumentation

There is a big Library building containing numerous books , journals , newsletters ,magazines etc .which are easily made available to the teachers and students on production of their identity .Some departments have their own libraries to issue books to their enrolled students. The college promotes blended learning where teachers use ICT enabled methodology like SmartBoard, Projectors , document writers , Computers , internet , Powerpoint presentation .There are two smart rooms and one language Lab. Inverters are connected to the computer lab and smart room for non interruption of power supply. The laboratories are well equipped with different instruments for conducting practicals by students. A new girls hostel is ready for accommodation of students while a big examination building is under construction for holding examinations due to shortage of rooms.

Human Resource Management

The recruitment of faculties to the college is conducted by the department of Higher education, Govt Of Odisha through Odisha Public Service Commission. Because of the fair selection process very talented and dynamic human capitals join the college. The guest faculties and other support staff in case of regular vacancies are recruited by the principal of the college till regular posts are filled by the department. The faculties are encouraged to attend different knowledge and skill enhancement courses like Short term courses, Faculty development courses, Refresher and Orientation courses. The performance of the faculties and support staff is monitored by an administrative bursar and academic bursar of the college. Student feedback, parents feedback mechanism are taken to sort out the issue related to strength and weakness. Provident Fund, GIS (group insurance scheme) etc are in place as welfare practices for the faculties and support staff. Biometric attendance has been installed in the office to check the attendance of the staff for efficiency.

Industry Interaction / Collaboration

In the governing board of the college there is one industrialist nominated as a member .The students are encouraged

to take up internships and projects in some universities through the recommendation of the HOD of departments and Principal. They make field tours to nearby industries for hands on experience .Some faculties are collaborating with the faculties of other universities for carrying out research .Some faculties act as resource persons in delivering lectures in some programmes organised by the industries while different key officers of the nearby industries come to college for participation in programmes on various occasions.

Admission of Students

Students take admission in the college as per the guidelines framed by the department of Higher Education, Govt of Odisha . There is a dedicated web portal called as SAMS (Students Academic Management system) through which students apply online for admission into the college .The admission into the college for UG courses is based upon the academic career while the admission into the PG courses is based on an Entrance Test called CPET (Common PG Entrance Test) along with academic career.
